

# Craigmillar Growers

Your local community food growing project

Volunteer with us – get your fruit and veg for free!

Craigmillar Growers is a community gardening project set up by the Community Alliance Trust. We bring together and support groups of volunteers to grow fruit and vegetables for the benefit of the local community.

We are currently growing on three sites, at the White House, Bristo Church and Inch Nursery. We supply fresh seasonal produce for the Green House Pantry and other local community food projects – and volunteers also take a share.

## Community Alliance Trust

CAT is a Community Development Trust working for neighbourhoods around Craigmillar, including Niddrie, Greendykes, Bingham and Magdalene.

Membership of CAT is open to all local residents and gives you a say over decisions and funding opportunities affecting your neighbourhood.

## Gardening Sessions

We hold drop-in gardening sessions which are open to all, no experience or 'green fingers' required. Join us and you will meet new friends, get some fresh air and exercise, learn about gardening and help feed the community. And get your fruit and veg for free!

Gardening sessions are usually on Tuesdays, Thursdays and sometimes Saturdays, 10.30am – 2.30pm, though the timetable changes according to the season and what needs doing in the gardens. Ask to join our mailing list or WhatsApp group for the latest updates.

We also hold Growers' Workshops once a month on Saturdays where we share gardening knowhow.
